## NORTH GREENSBORO ON TOP.

An Interesting Game of Tennis Yesterday Afternoon.

The Southside tennis team having defeated their opponents Tuesday, Messrs. Wharton Bros. had blood in their eyes yesterday afternoon and got revenge to their heart's content.

The visitors were represented by Messrs. Stephen and Robert Douglas, while the Northsiders were championed by Messrs. H. W. and Lee Wharton.

The first set was a walk-over for the Wharton's, resulting in a score of 6 to 1 in their favor.

The second set was more hotly contested, and the visitors secured three out of the nine. Tuesday evening both sides played with snap. The Douglas Bros. were not in their usual form, this being particularly the case with Stephen A. Robert's service was very strong.

L. G. Wharton did the brilliant work of the game, playing splendidly at the net, back line and in his service.

H. W. Wharton's work at the net was a noticeable feature of the game, being very strong.

Messrs. Donnell and Gales having won the first series of the tournament for the Southsiders, the tie will be played off at the Ballard court this afternoon.

## Whitsett Locals.

Whitsett, N. C. Aug. 18th. Prof. Canada, principal of Chapel Hill High School, spent Wednesday in town.

Students are coming in on every train from all sections of the state.

Miss Ida Winstead came in yesterday from Nash county to enter school.

B. S. Best and brother arrived last night from Pitt county to enter school.

The July number of the Whitsett Student will be out in a few days, the delay is on account of being overrun by work of the printers.

The seems to be much interest taken in the musical department this fall. Prof. Blagg is the right man in the right place, and will make this a noted music school in the future.

Large crowds from around here are attending the protracted meeting at Bethel. They report much interest manifested.

School opened Wednesday with a large attendance, mostly from the eastern part of the state and Virginia.

There has been some much-needed work done around the mineral springs, which help appearances considerably. This spring is one of the best mineral springs in the state, flowing sixty gallons of pure mineral water per minute.

Mr. George Bynum, of Chatham county, is expected here in a few days to take hold of the store formerly run by Oldham & Green. The firm will be run under the name of Bynum & Green. Much success to this new firm.

## CHARLES L. ANDREWS HURT.

Injured by a Street Car in Baltimore Yesterday.

The many friends of Chas. L. Andrews will be pained to learn that he was seriously hurt in a collision with a street car yesterday in Baltimore. Mr. Andrews has been visiting in Baltimore for about a week and was to have returned to Norfolk yesterday to resume his work.

Late yesterday afternoon his father, Mr. L. W. Andrews, received a telegram informing him of the accident and asking him to come to Baltimore at once. He was unable to go on account of sickness, so Mrs. Andrews went instead, leaving here on the 9:52 train last night.

A later telegram last night stated that Mr. Andrews was not so seriously hurt as was at first thought, and one this morning said that he was resting very easy.

## Spending The Afternoon Here.

Rev. T. A. Smoot and bride, nee Miss Lella McGirt, arrived in the city on the noon train from Wilmington and are spending the afternoon in the city with Mrs. Dred Peacock. They were met at the train by a number of friends who were happy in their congratulations to the newly married couple. Rev. and Mrs. Smoot will leave on the evening train for Salisbury to spend a few days before taking up their residence in this city.

## SPANIARDS WERE WARNED

Before The Last Fight in The Philippines.

DEWEY AND MERRITT TOLD 'EM SO

They Were Cautioned as to the Suffering of the Sick and Non-Combatants in Case of a Fight.

By Wire to THE TELEGRAM.

Washington, Aug. 18.—The following was received at the war department today:

"Madrid, Aug. 13.—On the 7th inst. Admiral Dewey joined me in notification to the Spanish commander to remove the non-combatants from the city. On the same date a reply was received expressing thanks for the humane sentiments, stating that the Spaniards were without places of refuge for the non-combatants outside of the city.

On the 9th we sent a joint note inviting attention to the suffering in store for the sick and non-combatants in the event that it became our duty to reduce the defenses; also setting forth the hopeless condition of the Spanish forces, which were surrounded on all sides, with the fleet in front and no prospects for reinforcements, and demanded the surrender as a due consideration for humanity.

On the same date we received a reply admitting the situation, but stating that the council of the defense declared the request to surrender could not be granted, but offered to consult with the government if time was granted. This was answered by a joint note declining.

On the thirteenth the land forces joined with the navy in an attack with the following results: After about half an hour's accurate shelling the enemies lines, McCathur's brigade on the right and Green's brigade on the left under Anderson made a vigorous attack, carrying the Spanish works. The loss is not accurately known but is thought to be about fifty.

The behavior of the troops was excellent, and the co-operation of the navy was most valuable. The troops advanced on the walled city upon which the white flag was shown when the town capitulated.

Troops occupy Malate and Binondo, the walled city San Miguel and all important centers are protected. The insurgents are kept out and there is no disorder or pillage.

[Signed] Merritt.

## Young Thieves Caught.

Officer Scott last night arrested and placed in the calaboose the four little coons who, a few days ago, stole the gas pipes, plates, etc., from the academy of music. They went into the academy through a window and stole away little things they could find, one little fellow taking only a small tea pot for his trouble.

They are aged 8, 9, 10 and 11 years, respectively, and some of them had already been placed in bed by the tender hands of a loving mother when Officer Scott called for them at their different homes last night.

## Mad Dog Bites.

Ex-Congressman W. H. H. Cowles and little daughter, of Wilkesboro, passed through last night enroute to New York to receive treatment for mad dog bites. Col. Cowles was bitten on the hand several days ago by a dog supposed to be rabid, while trying to prevent the dog from biting his wife and children.

His daughter received several scars on the face.

## Will Not Build.

We learn from Mr. E. P. Wharton that the warehouse which it was announced would be built on the corner of North Greene and Clay streets, will not be built. Mr. Wharton has received a letter from Capt. Fisher saying that after careful consideration he had decided not to build but that he would lease the lot to any one wishing to build a warehouse there.

## The Allen to Move.

Mr. W. B. Allen, proprietor of the Allen House, tells us he will move his place of business about the first of September to the brick building now occupied as a boarding house by Mrs. Ballard near the depot. This is a splendid location, a good house, and we predict that Mr. Allen will do well there.

Although the Vaccine Institute in Cairo distributed lymph for 330,000 vaccinations in Egypt last year, the supply was not equal to the demand, and no less than 2067 cases of smallpox were treated in the government hospitals.

## NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU. HIGH POINT, N. C., Aug. 18, 1898.

Commenting on the item in yesterday's Citizen regarding the opposition to the hitching posts on Main street by the Telegram and sanctioned by the Enterprise wherein the Citizen calls to mind a remark made by Capt. Snow some years ago that he wished that there were twice as many hitching posts along Main street as there are now, we beg to inform the Citizen that some years ago, possibly, when the Capt. made that remark that chasing hares on Main street was an every day occurrence.

It is nothing unusual to see boys riding the rods of freight trains but now you can see little "niggers" riding the rods of a bicycle.

Capt. Rankin is still running a "bob-tail" train. It is a pity that a man of Captain's length should have to run so short a train.

The bear thicket on Greene street is being cut down by the street force. Why not wait until the hunting season is over.

The force at work on the Archdale telephone line has been increased four fold. We expect to be talking with Archdale by this time next week.

The buildings of the High Point Coffin and Casket Co. are turning gray, but that is no sign of the business getting old.

Corporal J. Sydney Spencer and Private George Barker, who have been spending a short furlough at home, returned, last night, to their company, stationed at Land's End, near Port Royal.

Mrs. R. J. Lindsay returned last night, from Wilmington, whither she went on the excursion Monday. Miss Georgia Lindsay, who has been visiting in Wilmington for several weeks, returned also.

Mrs. James Howard, Mrs. C. E. Foy and Miss Annie Foy went to Asheboro this morning to spend the day.

Mr. and Mrs. George Core returned to Charlotte this morning.

A. Sherrard went south this morning on business.

C. M. Crawford, Albion Mills, F. C. Barbee and Clyde Caper went to Troy this morning to join the excursionists from there to Wilmington.

W. P. Fife, Jr., returned home this morning.

R. McC. Bullington, a prominent young traveling of Richmond, is in the city on business. When we see "Wooley" in town we know the furniture men are in need of oil.

Mrs. Bezenon and daughter, Nova, who has been visiting the family of A. C. Dodamead, left this morning for their home in New Britain, Conn. We are glad to know that Miss Nova, who has been confined to her bed with fever several weeks, has so improved that she can return home.

## Trinity College Notes.

The prospects for a fine opening in both college and fitting school are very bright.

The grading of the college grounds has been completed. It has wonderfully improved the appearance of the campus.

The work on the buildings of the Trinity Park High School is being pushed with great rapidity. It is one of the most beautiful structures on the park and one of the most complete high school buildings in the south.

The faculty of the Trinity Park High School consists of J. F. Bivins, head master; W. K. Boyd, F. S. Aldridge, P. V. Anderson and D. W. Newsom, assistants.

The first four mentioned young men are graduates of Trinity College, and all are teachers of experience. Mr. Bivins was principal of Albemarle Academy last year; Mr. Boyd was instructor in history in Trinity College during the last session and has taken the Master of Arts degree; Mr. Aldridge has been for two years one of the principals of Belwood Institute; Mr. Anderson was principal of the Wilson Graded Schools at the time of his election; Mr. Newsom has taught in Littleton Female College and Littleton Academy. This constitutes a strong teaching force.

## GEN. BLANCO WILL PRESIDE

Over The Cuban Local Peace Commission.

MERRITT ISSUES PROCLAMATION

Suggests a Scheme for the Government of Manila and the Territory in Our Possession.

By Cable to THE TELEGRAM.

Manila, Aug. 14.—General Merritt has prepared a proclamation to the natives which provides a scheme of government for Manila and the surrounding territory; also the other islands which are in our possession. The chief points are:

Rigid protection to all personal, religious and municipal laws; tribunals and local institutions for the punishment of crime to remain until further notice, except where incompatible with military rule, subject to supervision of the American general.

The provost marshal and sub-provosts are to be appointed with power to arrest civil as well as military offenders. Trade to be opened for neutral nations; public property to be vigorously protected, and there shall be no interference with the people as long as they preserve peace.

General Merritt occupies the governor's palace and headquarters.

## BLANCO WILL PRESIDE.

Madrid, Aug. 14.—The council has cabled to Washington asking the government for the names of the peace commissioners; also cabled Generals Blanco and Macias, asking them for the names of the best men for appointment as local peace commissioners. General Blanco will preside over the Cuban commission and General Macias over the Porto Rican commission.

## YELLOW FEVER AT KEY WEST.

Naval Stations Will Be Transferred to Hampton Roads.

Washington, Aug. 17.—The naval station at Key West will at once be practically abandoned on account of a threatened epidemic of yellow fever in the barracks and city. The naval base will be removed temporarily to Hampton Roads. Three unmistakable cases of yellow jack have appeared among the marines at the Key West barracks, and there are several suspicious cases. Rigid precautions have been prescribed and a quarantine will be established. Commodore Howell's blockading squadron will go to Hampton Roads, where the men will be given generous shore leave.

## To Be Greeted By a Holiday.

By Wire to THE TELEGRAM.

New York, Aug. 18.—The mayor proclaims a holiday for Saturday in honor of the return of the American battleship from Santiago. All the details have been arranged for the naval party, which promises to be of national interest.

## Tar, Feathers and Dynamite.

By Wire to THE TELEGRAM.

Smithfield, W. Va., Aug. 18.—A coat of tar and feathers was applied to three men and six girls by vigilantes early this morning at an objectionable resort here. The house was afterwards blown up by dynamite.

## Ambassador Succeeds Ambassador.

By Cable to THE TELEGRAM.

London, Aug. 18.—The Russian ambassador here will be shortly succeeded by Count Cassini, the Russian ambassador to the United States.

A correspondent of a London paper asserts that no fatal results may be feared from yellow fever if the person attacked, as soon as the symptoms appear, take a tumbler full of olive oil with the juice of a lime squeezed into it. This dose should be repeated until vomiting and purging ensue. "This is infallible in checking the virulence of the complaint," says the letter writer, "and a speedy convalescence invariably follows. I have not only approved its efficiency personally, but have witnessed its complete success in dozens of cases, both in Cuba and South America."

Health Commissioner Reynolds, of Chicago, has informed the fruit dealers of that city that the ordinance prohibiting the covering of fruit exposed for sale with colored netting, or the use of any other device which may tend to deceive purchasers, will henceforth be enforced strictly and impartially. The city authorities tried to enforce it last year and failed.

## A BRAVE ACT.

Recalled and Told at the Reunion in Chatham.

In his short speech at the veterans reunion at Mt. Vernon Springs, W. P. Wood said there were just as brave men among his hearers as Bagley and Dewey and Hobson and the other heroes of our war with Spain. And to illustrate the truth of his statement he cited an instance of the bravery of one of his hearers, which he had witnessed at the battle of the Wilderness, and pointed to Captain C. F. Siler, who was the captain of his old company. He said that when a charge was ordered the color-bearer of the regiment promptly started forward, but was once shot dead. One of the color guard immediately seized the falling flag and he, too, fell dead. Another of the color guard grabbed the flag, but he also was instantly killed. And then, although three men had been so quickly killed with that fatal flag, Capt. Siler rushed to the fallen flag and waving it aloft dashed toward the enemy, calling out "Follow me, my brave men!" And they did follow him to victory.

This was not the only instance of Capt. Siler's bravery, as is attested by the scars of five wounds which he still bears on his body. No one would think that this battle scarred hero is the modest, quiet gentleman who, ever since the war, has devoted his life to the great cause of education and for many years has been one of our state's foremost teachers.

### NOT THAT KIND, BROTHER.

With the following paragraph, taken from the Winston Sentinel, we heartily concur:

The interests of all our schools, denominational and non-denominational may be fostered and the cause of education, and "Christian education," if you please, advanced, by laying aside narrowness and intolerance, and cultivating the spirit of harmonious action in the effort to secure a cultured citizenship.

But we are unable to endorse the manner in which the Sentinel carries out its own ideas as shown by the little extract below which appeared in the same issue with the above. The Doctor referred to is Dr. Kilgo and the paragraph appeared at the end of a complimentary report of a sermon by him:

Last night the Doctor delivered his lecture on "Christian Education." It was heard by a large congregation. The Sentinel gave a report of it a few years ago.

### HE'S NOT CRAZY.

The question as to whether or not Governor Russell, the kusser, is a sane man is being discussed in the papers. However that may be there is a growing sentiment that one of the duties of the next general assembly will be to impeach him. Speaking of this a few days ago the Charlotte Observer said:

"Certainly a legislature could do nothing more to its credit than to relieve the executive office of this wrong-headed, passionate, dreadful man, forever disqualify him from voting and holding office. We sincerely believe he is a lunatic."

To say the least of it, the Observer has placed the most charitable construction possible on the behavior of the kusser. But we do not believe a word of it. He's not crazy. He has simply found an opportunity to turn loose thirty years' of shut up venom and vindictiveness.

An exchange has a note at the head of the editorial column saying: "The editor writes the editorials." That, of course, is what the editor is for, but in this instance the paper wants it understood that the editor really does write them. To write editorials a man must have a pencil and paper, and a knife with which to sharpen the pencil; he must also be able to read and have brain capacity to think, occasionally. Most men who think use the pencil, blank paper and knife, but there are some who have found a much easier way—no pencil, or blank paper, or pencil sharpener is needed—all that is necessary is a pair of scissors and a pile of exchanges. Don't even have to think.

The Winston Journal is now under the proprietorship of Messrs. Andrew Joyner and J. O. Foy, two experienced newspaper men. The paper will continue to be democratic. The editors say: "Believing that the welfare of North Carolina is best subserved by the democratic party, we shall advocate the principles of that party and earnestly contend for its supremacy in national, state, county and city affairs." We wish them success. With this change Chas. J. Lambe becomes city editor of that paper.

### OF COURSE THEY FUSED.

#### The Action of The Populist Committee as Expected.

The populist state committee met at the court house yesterday afternoon, pursuant to a call made last week by the State Chairman, Dr. Cy Thompson. There were present Dr. Thompson, Hal. Ayer, Zach Garrett and James B. Lloyd, of the Central Committee, and the following district committeemen:

First district, Harry Skinner; Second, R. B. Kinney; Third, V. J. McArthur and E. M. Cole; Fourth, Ayer and Garrett as proxies; Fifth, A. S. Peace; Sixth, S. A. Edmund; Seventh, J. A. Sims, Eighth, R. A. Cobb; Ninth, A. D. K. Wallace.

It was well known that the chief object of the meeting was to arrange for a trade and for fusion with the republicans. The official representative of the latter was Carl Duncan, grand almoner, distributor of the royal favor and pie, who had just returned from a visit to Senator Pritchard at Marshall where he learned what it was desired that the populists should do. For it is now no secret that the republicans dictate populist policy; in other words set the pace for their allies.

Dr. Thompson presided at the committee meeting, while Hal. Ayer was secretary. There was a discussion for a couple of hours of minor matters, mainly letters from county chairmen. Some counties said they did not desire the state committee to arrange terms for them but wanted to arrange terms to suit themselves. It is said that perhaps a dozen counties thus evinced a desire to show their independence. A committeeman said that the great majority of the counties were perfectly willing to let the committee regulate their affairs. It is further said that as to these "kicking" counties the committee will let them make local arrangements as may suit the requirements of the situation, and that it does not propose to exercise any authority over arrangements already made.

There was a great deal of talking. In fact, as a populist said, "we all wanted to talk. We populists make mighty poor listeners for this reason. Maybe we ought to do as the women do—all talk at once—and save time." The attendance at the meeting was not as large as expected.

Committeemen J. B. Schulken and Theodore White and Morrison Caldwell all missed their trains. White will arrive this morning. E. A. Moye is sick and could not attend.

At 7 o'clock there was a recess until 8:30. This gave the committeemen a chance to see more of Duncan. He was always near by, ready to see and be seen, as becomes one of the very smartest republicans in the state.

The second session was a long one. There was plenty of talk about fusion. With very few exceptions the committeemen fairly fell over each other in their desire to show the republicans how zealous they were for fusion, and how they "pented themselves" for having last May asked the democrats to fuse with them.

It was quickly evident that the committee was for fusion.

Congressman Strowd said: "Of course they fused." Otto Wilson said, when asked if there were any resolutions adopted: "Our resolutions were made in 1894."

No resolutions were adopted. None were offered. Every vote was unanimous. Lloyd made one or two feeble kicks. The committee designated its central committee as a committee to confer with the Republican committee on the fusion question and added Harry Skinner, A. L. Peace and S. A. Edmund to the central committee, which is composed of Schulken, Lloyd, Garrett, Caldwell, Ayer and Moye.

This committee of conference will make all the arrangements with the republicans. It is given full power. The central committee is composed of six men, all named by Butler, and yet every one is now opposed to him and his policy. Such was Harry Skinner's statement last night. Another committeeman said this was correct.

The committee took no action as to congressman. "It left that to the future," was the remark of a member.

There was a strong movement to drop Senator Butler's paper and make R. A. Cobb's paper, the Home Rule, the party organ. But Lloyd said Senator Butler was not here, and then Skinner came to the rescue and saved the Caucasian.

A question was raised as to the policy of the Caucasian. The consensus of opinion was that when the commit-

tee made a decision the Caucasian would agree to it or else "walk out." It was well understood no matter who it was agreed on as a nominee the committee will stand by the nomination.

The members of the committee were extremely proud that they adjourned before midnight, as usually they talk all night.

It is learned that no definite time for the conference of populists with the republicans was fixed but they are not apt to lose any time in putting their heads together.

Over and over again some of the committeemen asked the question: "Why, oh, why, did Butler hasten to Texas?" Not even the winds have answered it.

Where were Butler's friends in that committee meeting? The anti-Butlerites say it was the Senator's Waterloo and that he knew of the coming catastrophe and fled.—Morning Post.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by C. E. Holton.

### The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by C. E. Holton.

Police Commissioners Jones and Johnson, of Atlanta, Ga., will present a fine gold medal to the policeman of that city who shall give the best answer to the query: What constitutes a good policeman? The answer is to be in not more than fifty words, and it is believed that, aside from the entertainment that will be afforded, the novel contest will be the means of bringing out some thoughts and expressions which may be of benefit to the police department.

### Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with la grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at C. E. Holton's drug store.

#### A Special Feature.

With pride and pleasure we call at-  
tention to the special advertisement of  
Matthews, Chisholm & Stroud, in to-  
day's issue. These people, on enter-  
ing the business arena two years ago,  
marched immediately to the front  
ranks, and have ever since occupied a  
conspicuous position amongst our best  
business houses. They believe in ad-  
vertising and use only the best medi-  
ums—newspapers. Their statements  
are always plain and honest. What  
they say to you through our columns  
they will verify by producing the ar-  
ticle exactly as described in the ad-  
vertisement. Today they invite you  
to take a look through their leather  
goods and trunks. This is a special  
feature of their business, and we as-  
sure you that the information to be  
gained in an examination of their  
goods will be worth more to you than  
the time it will take. Mr. W. H. R.  
Rankin is giving special attention to  
this line.

one.
